

Pasd Putthapipat PhD

EXECUTIVE DATA AND AI LEADER

Bangkok, Thailand | pasd.putthapipat@gmail.com

LinkedIn: linkedin.com/in/pasd-putthapipat-1a401940

Executive Profile

Data and AI executive with experience in financial services and telecommunications. Successfully launched a Data and AI Platform with a lean team and led data engineering, architecture, and governance setup for a virtual banking initiative. A founding member of DataX, built its analytics and products department. At True Digital Group, led 30+ data scientists and the launch of four analytics products. Combines technical and organizational leadership with university teaching in data science, business analytics, and governance.

Professional Experience

Career break from corporate roles since Aug 2026; university teaching continues.

Infinitas by Krungthai

Director of Data Innovation | Dec 2024 - Jul 2026

- Successfully launched a Data and AI Platform for a new group company with a lean team.
- Served as Acting Director of Data for a virtual banking initiative, leading setup across data engineering, architecture, and governance.
- Planned the transfer of data and AI platform practices across group companies.

SCB DataX

Head of Analytics and Products | Nov 2021 - Nov 2024

- As a founding member, built the analytics and products department from inception.
- Led AI scientists, data scientists, analysts, BI engineers, machine learning engineers, and product owners from product vision and roadmaps through research, proofs of concept, and delivery.

True Digital Group

Analytics Business | Mar 2018 - Oct 2021

Head of Product, Analytics Product | May 2021 - Oct 2021

Head of Product Development | Jun 2019 - Apr 2021

Acting Head of Product | Oct 2020 - Apr 2021

Head of Risk Management Product | Jan 2019 - May 2019

Principal Data Scientist | Mar 2018 - Oct 2021 (concurrent with leadership roles)

Selected Achievements Across These Roles

- Led development and launch of GeoPulse (location intelligence), DigiPulse (competitive digital analytics), Customer360 for True Group (behavioral analytics), and True Score (alternative credit scoring).
- Led 30+ data scientists in analytics product research and development as Head of Product Development.
- Led risk-product development and technical operations for internal and external clients; provided hybrid credit capabilities across multiple CP Group businesses.

Earlier Experience

Assumption University

Lecturer, Computer Engineering | Jun 2006 - Apr 2018

Chairperson, Computer Engineering | Oct 2016 - Apr 2018

Acting Chairperson, Aeronautic Engineering | Feb 2016 - Sep 2016

- Taught algorithms, embedded systems, IoT, and cloud computing; conducted applied research in connected devices, sensor analytics, and social media analysis.
