

Pasd Putthapipat PhD

EXECUTIVE DATA AND AI LEADER

Data and AI Strategy | Enterprise Platforms | Analytics Products | Governance

Bangkok, Thailand | pasd.putthapipat@gmail.com

LinkedIn: linkedin.com/in/pasd-putthapipat-1a401940

Executive Profile

Data and AI executive with experience building analytics organizations, leading multidisciplinary teams, and establishing data foundations across financial services and telecommunications. Served as Acting Director of Data for a virtual banking initiative at Infinitas by Krungthai, leading platform setup across data engineering, architecture, and governance. A founding member of DataX, built the analytics and products department and directed AI product development. Previously led 30+ data scientists at True Digital Group. Combines organization-building experience and technical depth with university teaching in data science and business analytics, and research on decentralized data strategies for virtual banking.

Leadership Expertise

- **Strategy and organization:** Data and AI product strategy; department building; cross-functional leadership; product vision and roadmaps.
- **Platforms and products:** Data and AI platforms; analytics; machine learning product development; business intelligence; credit and behavioral analytics.
- **Governance and technology:** Data strategy; data management and governance policy; PDPA compliance; cloud and big-data technologies.

Professional Experience

Career Break from Corporate Roles | August 2026 - Present

Infinitas by Krungthai

Director of Data Innovation | December 2024 - July 2026 | Bangkok, Thailand

- Served as Acting Director of Data for a virtual banking initiative, leading platform setup across data engineering, data architecture, and data governance.
- Successfully launched a Data and AI Platform for a new group company with a lean team; planned the transfer of practices across the group.

SCB DataX

Head of Analytics and Products | November 2021 - November 2024 | Bangkok, Thailand

- As a founding member of DataX, the analytics subsidiary of SCB X, built the analytics and products department from inception, bringing together AI scientists, data scientists, data analysts, BI engineers, machine learning engineers, and product owners.
- Directed end-to-end product development, connecting product vision and roadmaps with research, proofs of concept, and delivery.

True Digital Group

Analytics Business | March 2018 - October 2021 | Bangkok, Thailand

- Led development and launch of GeoPulse, DigiPulse, Customer360 for True Group, and True Score, spanning location, competitive digital, behavioral, and alternative credit analytics.

Head of Product, Analytics Product | May 2021 - October 2021

- Directed product development, product owners, and UX/UI teams across the analytics product lifecycle, from vision and roadmap through proof of concept and delivery.

Head of Product Development (Data Science), Analytics Product | June 2019 - April 2021

Acting Head of Product | October 2020 - April 2021

- Led 30+ data scientists researching and developing analytics products within an in-house startup.

Head of Risk Management Product, Analytics Product | January 2019 - May 2019

- Led risk analytics product development and technical operations for internal and external clients, directing data scientists, business analysts, developers, and financial experts.
- Provided hybrid credit capabilities and solutions across multiple CP Group businesses.

Principal Data Scientist | March 2018 - October 2021

Academic and Professional Contribution

Current Adjunct Faculty Appointments

- **Mahidol University | September 2026 - Present:** ICT program.
- **Panyapiwat Institute of Management | 2021 - Present:** Business analytics and data governance.
- **King Mongkut's University of Technology North Bangkok | 2020 - Present:** Statistical data science and big-data analysis.

Selected Publication: W. A. Pongpech and P. Putthapipat (2025). "Framework for Decentralized Data Strategies in Virtual Banking: Navigating Scalability, Innovation, and Regulatory Challenges in Thailand." Proceedings of the 15th International Conference on Cloud Computing and Services Science (CLOSER), pp. 111-118. DOI: [10.5220/0013194500003950](https://doi.org/10.5220/0013194500003950).

Earlier Academic and Consulting Experience

Assumption University, Vincent Mary School of Engineering | Bangkok, Thailand

Lecturer, Computer Engineering | June 2006 - April 2018

Chairperson, Computer Engineering | October 2016 - April 2018
